Has Confidence in Calles
General Cabell remained at military
beadquarters all day directing the location of the forces and everyone re-

ference, the American commander anneunced that he and the Mexican military governor had reiterated the statements made at their first conference yesterday afternoon. General Calles statement that he now had sufficient to the consecution of maintain order set the Mexican control of the consecution to ope to maintain order on the Mexican size was accepted by General Cabill, who expressed complete confidence in the Mexican governor-general and his ability to maintain order on the Mexican side.

Idle Rumors Denied

Brigadher-General De Rosey C. Cabell announced tonight that everything was quiet here and that reports of large bodies of reinforcements south of Nogales, Sonora, were but idle rumors. The commanding general said there had been no trouble of any kind on the border since last night and none was anticipated as everything was quiet and peaceful here, this was a day of alarming rumors and excitement following the resumption of firing across the border late last night.

British Beat Down Opposition

Railroad Junction Outflanked

Along the sides of the Somme run-ning eastward ground has been gained tars and light pieces, firing almost this important railroad junction out-

tlanked.

Since the caving in of the German line by the fall of Chaulnes and Roye the French literally have overrun the southern portion of Picardy, having reached the western bank of the canal du Nord along almost its entire length and captured the town of Noyon which, surrounded by hills, has stood defiantly for days under a rain of shells. East and southeast of Noyon other important positions have been taken and between the Oise and the Alsne the French have overcome the Alsne the French have overcome the heavy resistance of the enemy and crossed the Allette river.

Americans Facing Prussians

The claim of the German war office that 250 Americans were made prisoner dwring the recent fighting is denied by the Americans who assert that only a diameter.

This gun is virtually identical with the Mauser, except that it has a bullet a little more than half an inch in the Americans who assert that only a diameter.

beaten. At last accounts the allied troops were steadily advancing against it that only machine gun crews should

OPERATIONS HAVE PUT GERMANS INTO ANOTHER POCKET

WITH THE FRENCH ARMY IN FRANCE. Aug. 23.—(By the Associated Press)—Evening.—The operations of the bast two days have put the Germans into another pocket between the Canal da Nord and the river Aisne. They will have to evacuate it promptly or run a big risk of having their positions there turned from the north by the French along the valley of the Somme.

[Republican A. P. Leased Wire]

WASHINGTON, Aug. 23.—Although the Germans know that when the France-American forces reach that they will be able to obtain observation which will permit the gunners to gick out their targets on the long hill line that lies between the plateau and the Wesle valley and that his gun positions on this hill, facing artillery fire from the south, southeast and west, will have to be relinquished.

Somme.

Since the fall of Noyon, which was the apex of this salient until this morning, Mont. St. Simeon, a mile and a quarter to the east, is its advanced front. This height dominates the valley of the Aisne eastward and the valleys of the river Meve and the Canal du Nord to the north. These valleys

Wilson was postponed until tomorrow. Senzie and house conferces promptly reached a formal agreement on the bill today, following removal yesterday of the "work or fight" amendment—the principal obstacle. The conference report was adopted by the house after considerable criticism, of minor features. leys of the river Meve and the Canal du Nord to the north. These valleys were lines in the salient last night.

Position of Great Strength The taking of Quesnoy wood this morning has tightened the pocket from the western side, bringing the French within shelling distance of the main road leading out of it in the direction

most vigorously by heavy guns, morand south of Peronne where the river bends sharply southward the stream has been crossed at several points and far and near. And then the infantry advanced.

Up over the plateau the infantrymen went towards Juvigny and across the little railroad running north and south. The Germans immediately began to employ the tactics of similar retreats, leaving their rear defended by a line of machine guns hidden behind every clump of brush, promontory and woods. Only a few detachments of infantry were left, the enemy again adopting measures calculated to save the most

Deliver Deadly Cross Fire From Couronne woods and another little wood standing like sentinels be-

Americans Facing Prussians

Northwest of Soissons, where the Americans are in the line with the French in the general movement of clearing Picardy of the enemy, there has been severe fighting but with the allied troops having the advantage. The Americans sector is between Chavigny and Juvigny and the enemy facting them includes the Prussian seventh infantry.

Along the Vesle river at Bazoches and Fismette the situation is rather less tense than it was Tuesday and Wednesday when heavy fighting occurred between the Americans and the Germans. Thursday the Americans heavily shelled the German positions beavily shelled the German positions but the Germans failed to accept their challenge to a duel and replied only feebly.

Only Few Men Missing

The claim of the German war office that 250 Americans were made prisoner.

From Courone woods and anothes title wood standing like sentinels between all examining the Americans lines, the German guns delivered a deadly have catended the effective dates for wines six months longer, or until December 31, 1919.

Colorado Senator Objects

Semator Thomas of Colorado opposed the Americans faile to the Americans than two miles. That part in which Juvigny was located was the scene of a dramatic tank drive. Under the cover of artillery, the light French tanks filtred along both sides of the path up to the little place, smashing down one machine gun nest after another, in spite of the employment by serior defense until the advancing forces moved into positions from which they were able to make it untenable.

The Germans there the situation is rather less tense than it was less than two miles. That part in which Juvigny was located was the scene of a dramatic tank drive. Under the cover of artillery, the light French tanks flirted along both sides of the path up to the little place, smashing down one machine gun nest after another, in spite of the employment by soil it is not a war prohibition measure, because the care the situation is not a war prohibition of the path and the force the

yet, the Germans apparently seeing to

be sacrificed.

CONFEREES REACH FORMAL AGREEMENT

Prompt Enactment Expected
Prompt approval tomorrow by the
senate of the conference agreement
was predicted by leaders. Senator
Thomas of Colorado, author of the "wcr.: or fight" amendment and others of it's champions are expected to criticise its elimination by approval of the senate conferees but there was doubt in no one's mind but that the senate would also give its approval to the conferees' agreement. Arrangements have been made for prompt signature by senate and house presiding officers of the final draft and its immediate transmission to the pression of the celebration all books formerly used in German classes. 'work or fight" amendment and others

finally effective in full by October 1st.

United States Troops Ad- Senate Adops Leaders' Compromise on "Bone Dry," Effective July 1 and Continuing During the War

[Republican A. P. Leased Wire]

WASHINGTON, Aug. 29.—National prohibition moved a considerable step forward today in congress.

Without a record vote being taken or requested, the senate today adopted the lengers' compromise on "bone dry" prohibition, effective July 1, 1919, and continuing during the war and until continuing during the war and until the American troops are brought home and demobilized.

Plan Passage Friday

extected to remain in the measure un-der the harmony agreement of "wet" and "dry" factions, although technically stoject to another vote. Passage of the bill itself is planned tomorrow and the measure will be returned to the house, which is expected by pro-

Amendments Defeated

Lifforts to change materially the Sheppard substitute were futile. Amendments to advance and defer the effective date and to extend the time for its operation against beer and wine were overwhelmingly defeated without

record roll calls.

That there was any agreement among leaders against having record votes was denied by Senator Sheppard and other advocates and also oppon-

ents of prohibitory legislation Makes Vigorous Fight

Senator Phelan of California made a vigorous fight for a longer leage of life for the wine and beer industries. He ofered amendments making the effective date for their prohibition June 10, 1820, instead of a year previous, as the amendment provides, and also applying the later date to wines alone. Both were rejected overalso applying the later date to wines alone. Both were rejected over-whelmingly by viva voce votes and sufficient senators did not support Senator Phelan's request for a rell call. Another Phelan amendment, drowned in a roar of "noes" would have extended the effective dates for wines six months longer, or until December 31, 1919.

the Americans who assert that only a few of their men are missing. The situation in eastern Siberia seems to be somewhat clarified through the disarming by the Czecho-Slovaks of all the Russian volunteers who revolted recently and took sides with General Horvath, the anti-bolshevik leader. The first big battle in which all the allied forces except the Americans took part, occurred last Saturday when the enemy attacked but was decisively beaten. At last accounts the allied VERY BEST TROOPS

NFEREES REACH

ORMALAGREEMENT

ON THE DRAFT BILL

WITH THE AMERICAN ARMY IN FRANCE, Aug. 29.—(Reuter's)—The enemy, though he is showing renewed activity along the Vesle river, where he is surpassing his previous efforts to test the strength of the Americans, has indicated the importance of the Juvigny plateau by bringing up some of his best troops to chack the progress of the Franco-Americans which slowly but surely is being made by the deep hollows which the French are holding, as well as from the curious circular mound to the south of Creey Aumont toward the ridge line of the platsary toward the ridge line of the platsau along which runs the Soissons-St.
